

# **Facts & Figures 2020**

## **International Campus, Zhejiang University**

As of September 10, 2020

## I. Education

### *Current students*

As of September 10, there are 1616 full-time students on the International Campus, including 1098 undergraduates, 340 masters' students, and 178 doctoral students. The number of the international students is 186.

**Table 1 Composition of Undergraduates**

| Institutes                     | Programs  | Subtotal | Freshmen | Sophomores | Juniors | Seniors |
|--------------------------------|---|----------|----------|------------|---------|---------|
| ZJE                            | Biomedical Sciences                               | 274      | 78       | 70         | 56      | 70      |
|                                | Biomedical Informatics                            | 85       | 30       | 29         | 26      | 0       |
|                                | Subtotal  | 359      | 108      | 99         | 82      | 70      |
| ZJUI                           | Mechanical Engineering                            | 148      | 48       | 38         | 38      | 24      |
|                                | Electrical Engineering                            | 176      | 63       | 46         | 31      | 36      |
|                                | Computer Engineering                              | 235      | 64       | 67         | 49      | 55      |
|                                | Civil and Environmental Engineering               | 152      | 48       | 37         | 37      | 30      |
|                                | Subtotal  | 711      | 223      | 188        | 155     | 145     |
| ZIBS                           | Global Communication and Management               | 12       | 12       | /          | /       | /       |
| Other                          | Economics (Philosophy, Mathematics and Economics) | 16       | /        | /          | /       | 16      |
| Total                          |   | 1098     | 343      | 287        | 237     | 231     |
| Undergraduates (female)        |   | 353      | 113      | 81         | 92      | 67      |

| Others                   | Research Centers                  | 48       | /       | 48                |
|                          | International Master of Fine Arts | 20       | 20      | /                 |
|                          | PIEGL                             | 20       | 20      | /                 |
| Total                    |                                   | 518      | 340     | 178               |
| Students (female)        |                                   | 156      | 125     | 31                |
| Students (from overseas) |                                   | 130      | 120     | 10                |

### ***Graduates***

Among the 52 graduates, 45 of them graduated as scheduled and received their degrees. This gives a graduation rate of 86.54% and a degree-granting rate of 100%.

Among the 45 graduates, 12 of them continued their studies in China, and 33 of them went abroad. Among the students who further their studies abroad, 12 were admitted by the top 20 world-class universities, which accounts for 36.4% out of the total graduates studying abroad. Furthermore, 29 of the graduates got admissions into Ph.D. programs with full scholarships, including 19 received full-awarded offers from overseas.

### ***Students' Enrollment***

As of September 10, the International Campus has welcomed 672 new students, including 343 undergraduate students, 234 master's students, and 95 doctoral students, of which includes 92 international students from 34 countries.

## **II. Faculty & Staff**

There are 292 faculty and staff members on the International Campus. 41 of them are full-time faculty members with 19 coming from overseas. There are also 120 adjunct

faculty members, including 40 international members. A total of 106 staff members comprised the campus’s administrative supporting team. In addition, there are 25 postdoctoral fellows. Among the high-level talents on the campus, there are two academicians, three awardees of the National Science Fund for Distinguished Young Scholars, and one awardee of the National Science Fund for Outstanding Youth.

**Table 4 Composition of Faculty Members**

| Category                               | Total       | ZJE        | ZJUI       | ZIBS      |
|--|-------------|------------|------------|-----------|
| Total                                  | 161         | 90         | 54         | 17        |
| Full-time                              | 41          | 15         | 23         | 3         |
| Adjunct<br>(from Partner Universities) | 120<br>(36) | 75<br>(15) | 31<br>(21) | 14<br>(0) |

### III. Scientific Research and Technology Transfer

#### *Projects*

The amount of scientific research funding by the campus is 10.2916 million Yuan.

Six projects were approved by the National Natural Science Foundation of China, among which are one general project, four projects for young scholars, and one project for international young scientists. Another four projects were approved by the Natural Science Foundation of Zhejiang Province, among which a project for Distinguished Young Scholars and three exploration projects.

#### *Research Centers and Platforms*

There are currently 15 research centers and platforms available for the campus, of which are six International Joint Research Centers, two International Cooperation bases of Ministry of Science and Technology, and one Belt and Road Initiative Joint Laboratory of Ministry of Science and Technology, two provincial-level International Science and Technology Cooperation bases and four research institutes were co-established by the Campus and local governments or corporations.

### ***Technology Transfer***

Eight international projects have been transferred including nine international patents, amounting to 18.25 million Yuan in total.

### **IV. Supporting Utilities**

There are 29 teaching laboratories covering 5,569 square meters and 176 classrooms covering 36,143 square meters. There are a total of 8,909 pieces of instrument worth 111.25 million Yuan, of which 86.13 million Yuan are made up of teaching and research instruments. In 2020, the total value of the newly added instruments is worth 35.91 million yuan, which includes 29.64 million Yuan for the newly added teaching and research instruments. The Campus also provides 74,000 printed books and 5,248 kinds of electronic books in the library, of which 17,000 were added that year.
